Subject: Revised Monitoring Plan
Date: Thursday, June 17, 2021 3:19:02 PM
Attachments: [Letter to EPA - Revised.pdf](#)

Dear Karen- Per EPA comments and inquiries raised in an email from Evan Osborne on June 1, Snake River has revised its monitoring program to include offset well monitoring. Please see the attached. We are in hopes that this is satisfactory and that we might expect a draft decision on our injection permit application soon. Regards-Richard Brown
